Mrs. Loula York, One Of Area's Finest Citizens, Answers Final Call

One of the Lake Okeechobee Region's finest citizens—Mrs. Loula Virginia York, 78—passed away in her sleep while sitting in a chair at the home of her daughter, Mrs. Margaret Roach in Maryville, Tenn., on Saturday morning, April 29. A school teacher in Pahokee for 34 years, she was the

beloved and inspiring instructor of hundreds and hundreds of Pahokee youth.

A native of Forsyth County, North Carolina, Mrs. York moved with her husband, J. R., and three children, from Georgia to Pahokee in July, 1924. Because of the urgent need of teachers in the Glades area in those pioneer days, both she and her husband, who was in failing health, accepted teaching positions in the Pahokee school. As a dedicated teacher she saw the development of the local school from a crude beginning in a shack on the lake front to today's modern and efficient school plant.

Mrs. York was not only an outstanding teacher, but also an active community and church worker. She was a leader in the organization of the Pahokee Parent-Teacher Association, formed and directed a dramatic club, served as president of the Pahokee Woman's Club for three terms of office, taught a class in the Pahokee First Methodist Church School for 23 years, served on the Pahokee-Canal Point branch of the County's Resources and Development Board, taught Red Cross first aid classes to both youth and adults in civil defense work, was active in the mission work of the Methodist Woman's Society of Christian Service and served her community in many other ways.

After teaching in Pahokee for 34 years and serving as assistant principal at Pahokee High School for 20 years, Mrs. York retired as a public school teacher at the close of the 1957-58 school year. On May 18, 1958, the community honored her at a Loula V. York Day program and reception in the Community Building at Canal Point, with the Pahokee PTA, host. Highlights on the program of that memorable day, with hundreds of her students, former students and friends in attendance, were a 30-minute concert by Bandmaster Robert O. Lampi's PHS Band, the coronation ceremony in which Mrs. York was crowned as "Teacher of the Decade," and reading of a special "Book of Memories" prepared especially for the occasion and dedicated to Mrs. York by her friends.

Funeral services for Mrs. York were held in the Pahokee First Methodist Church Thursday, May 4, at 2:00 p. m., with Rev. John A. Briley, pastor, officiating. Instead of flowers, friends are contributing to the Loula V. York Memorial Book Fund for the new Pahokee Public Library.

Survivors include two daughters, Mrs. Margaret Roach of Maryville, Tennessee, and Mrs. Hannah Beardsley of Clewiston; one son, Van J. York of Fort Lauderdale; eight grandchildren and two great-grandchildren.

Serving as pallbearers were Lloyd Hundley, Robert Simonson, Joe Thompson, Marshall Lair, Duncan Padgett and Leo Wroten.

Interment was in the Woodlawn Cemetery in West Palm Beach. Wetherington Funeral Home was in charge of arrangements.

RESOLUTION

WHEREAS LOULA V. YORK has departed this life on April 29, 1967, and

WHEREAS she served as a member of the Library Board of Pahokee Public Library since its original organization to the time of her passing, and

WHEREAS she has during her many years of service as a public school teacher, church official, community leader in civic affairs and a member of this Board shown a dedication to the continuous search for knowledge, growth and development of one's mind to its greatest potential, and

WHEREAS such dedication has been an effective challenge and inspiration to her students, fellow citizens and this Board to make available the tools for such study and growth by the development of this Public Library, and

WHEREAS this Board can find no more suitable monument in this community to mark her dedication, service and inspiration than the establishment of a "LOULA V. YORK MEMORIAL LIBRARY FUND" for the sole purpose of acquisition of additional books for this Public Library, and

WHEREAS the establishment of such Memorial Fund has met with the approval of the family of Loula V. York, now therefore,

BE IT AND IT IS HEREBY,

RESOLVED AS FOLLOWS:

I. That there is hereby established a "LOULA V. YORK MEMORIAL LIBRARY FUND" as a monument of this community to attest to the service, dedication and devotion of Mrs. York to this community.

II. That the members of this Board from time to time shall serve as trustees of such fund.

III. That gifts to the fund may be received and accepted from any person for the purposes of this fund by the Trustees thereof.

IV. That the fund shall be used only for the purchase of additional books of the Public Library of the City of Pahokee by such Trustees.

V. That a copy of this Resolution shall be delivered to each son and daughter of Loula V. York as evidence of the esteem and affection of the community for Mrs. York and an expression of sympathy in their bereavement.

Passed and adopted by the Library Board of the City of Pahokee Public Library on May 1, 1967.

Shortage Causes Postponement Of Repair Work

WEST PALM BEACH, May 1, 1967—A probable shortage of irrigation water in a 300-square-mile area south of Lake Okeechobee has been averted with the postponement of repair work to hurricane gate 3, it was announced Monday by the Central and Southern Florida Flood Control District.

The Army Corps of Engineers has agreed to defer plans to shut the gates on the Miami Canal for repairs until after the vegetable growing season, following a request from local interests and the 18-county FCD. The Army had planned to "dewater and under-water repairs" during the period of May 17 to June 9. This would have cut off irrigation supplies from Lake Okeechobee to the Miami Canal during the height of the vegetable growing season.

The gate maintenance work will be postponed until the period of July 19 to August 15, it was announced.

Plans to repair a boat lock at Moore Haven, near the west shore of Lake Okeechobee, remain unchanged, and the lock will be closed to navigation from June 12 to July 17.

Ethics Code Bill Dropped In Hopper

The Florida Senate received its first legislative measure April 28, providing for a code of ethics. Senator Jerry Thomas of Palm Beach County introduced legislation which would create a law providing for a code of ethics for members of the Florida Legislature, legislative employees and employees of the State. Senator Thomas was joined by forty-five other members of the Senate in introducing this bill.

The Florida Senate has been working in its committee on ethics and privileged business, which Senator Thomas is vice-chairman, for some time on proposed rule changes to encompass a code of ethics. However, Thomas expressed that he felt a code of ethics was important enough to be placed on our law books rather than just by Senate rule.

The legislative measure is similar to the code of ethics bill introduced in 1965 by Senator Thomas who was joined by two-thirds of the Senate as co-introducers, but then-President Senator Nick Connor sent the bill to Judiciary "B" which was commonly referred to as the killer committee and the bill was reported unfavorable. None of the members who were on that committee had joined with Thomas in co-introducing the bill.

Thomas expressed confidence that the bill would be favorably considered by the Senate especially in view of the fact that it bore as its co-introducers all of the senators with the exception of two senators and those senators favor legislation and were not listed as co-introducers because they intended to introduce their own legislation at a later date.

Among other things, the legislation provides that no officer or employee of the state agency, legislator or legislative employee shall accept any gift, favor or service that might reasonably tend to improperly influence him in the discharge of his official duties.

The proposed law would also provide that an officer or employee of the state agency, legislator or legislative employee who is an

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

Now— U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

*Higher interest on the
Bonds you already own, too!*

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to dedicate themselves to the spirit that animated the Minuteman of Concord—who served as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."
